Care, Learn, Respect

CAN YOU GUESS WHO I AM?

Draw a line from the clue to the person it describes.

Mary Magdalene

I was crying, but then I heard Jesus say my name and saw Him standing in front of me!

Simon Peter

I was guarding Jesus' tomb. When I saw the angel, I got very scared.

Angel

Jesus asked me if I loved Him three times - and I said "Yes".

Roman Guard

I told the women, "Do not be afraid; Jesus has risen from the dead!"

Care, Learn, Respect

"Where two or three gather in my name,
I am there among them"
Matthew 18:20

Wilfrid's Word

Science Week

Points of interest:

- Science Week
- Debate Mate
- Year 1 went to Z Arts
- Firefighters' Visit
- World Book Day
- Y6 Library Trip
- International Women's Day
- Reading Champions

On the 20th March, we had Science Day to kick off our Science Week. The whole of KS1 and KS2 got to go to each class in mixed year groups and do different science experiments. In Year 1 you had to try and blow a bubble, inside a bubble, using a straw.

In Year 2, we made a bridge out of paper and had to test how many toy cars it could hold. We learnt how to power a light bulb using potatoes in Year 3 and in Year 4 we tested how to walk on water using special materials like corn flour and water.

In Year 5 we did an experiment about acid and alkaline and in Year 6 we had to make a chair using balloons and see if it would hold the weight of a child.

A big thank you to all our teachers for making this fun day happen, we all had an excellent time!

By Mariana, Year 6

Lego STEM Workshop

During Science Week, Stephen from Creative Builders Workshops came to show each class how Science and Technology works together with Lego. It sounds confusing, I know, but it worked out perfectly! I'm sure every person had lots of fun whilst learning the mechanics of what you need to power a light bulb. During this, each person got to build a house with other classmates and tried to make the greatest house of them all!

Every creation looked amazing, especially when lit up! I'm sure we will all remember this as a fun day and we are thankful we got to do it!

Scientist Visit

Thanks to the University of Manchester, this year's Science Week finished with a BANG on the Friday! Dr Mair showed us a series of riveting experiments, including making elephant toothpaste, carbon dioxide bottle rockets (which went flying in all directions) and exploding gas filled balloons. We all enjoyed it and we look forward to having him back again next year!

By Amarei, Year 6

Year 1 went to Z Arts!

The Year 1 class went on a fabulous trip to Z Arts and everyone loved it. They walked over from school and noticed lots of flowers and nature starting to show the beginning of Spring.

At Z Arts, they read lots of stories with the staff there, including Room on the Broom, Giraffe's Can't Dance and Stickman. They told me they got to sit on beanbags and pillows and loved it!

'It was fabulous and an amazing time,' a Year 1 child told me.

By Leea, Year 6

Debate Mate

On the 14th of March, our debate team went to round 2 of the Urban Debate League competition. They came in first place! The first motion was about banning social media and all the members came up with some interesting points to debate this.

After the holidays, the debate team will continue to debate in more competitions. Good luck everyone and well done!

Reading Champions

This half term Mr Moloney has introduced a new reading program to encourage children to share their passion for reading across the school. The idea is, children will read more books and write reviews to work towards Bronze, Silver and Gold Reading Awards.

We can't wait to hear about all the amazing books the children have been reading and families, please keep your eye out for certificates and reading medals coming home next half term!

By Leah, Year 6

What do eggs do when they hear a joke?

They crack up!

World Book Day

On the 2nd March 2023, we celebrated World Book Day. On this day, the Year 6's acted out the book, The Day the Crayon's Quit. Everybody in the school came in super cool costumes and we all read the book in class with our teachers. Everybody enjoyed it and did some amazing pieces of writing based on The Day the Crayon's Quit.

We also had a reading café in each class where there were comics you could read and pictures you could colour to create your own book mark.

This day put a smile on everybody's face!

Year 6 Library Trip

The Year 6 children recently went on a trip to Central Library to do art work based on Shakespeare. I was there, so I can tell you all about it. We walked all the way from school to Central Library, which was a long walk! We arrived there and started doing the art work. We traced and painted the houses that were from Shakespeare's time, which was so much fun. We also got to see one of the first books with Shakespeare's work written in it. This book was hundreds of years old!

As you can see, we had so much fun!

By Rosie, Year 6

Thank you to everyone who donated and came to our coffee morning on Friday 31st March! It was a lot of fun!

Year 2 Firefighters' Visit

The firefighters from Moss Side Fire Station came to Year 2 to talk to the children about fire safety in their home. They told the children how to prevent fires from happening in their home and gave them a very important leaflet to take home to their families.

After this, the children were allowed to ask the firefighters questions about their job and some of the questions the children asked were about their class topic, The Great Fire of London.

They told the children they don't just put out fires, they also rescue people from cars sometimes. They showed the children their uniform and even Miss Cunnane got to wear it!

All the class thought she looked funny and it made them laugh!

By Leshawn, Year 6

International Women's Day

Each year on International Women's Day, two girls from the Year 6 class are chosen to be Headteacher and Deputy for the day to represent women in leadership. If you would like to nominate yourself, you have to write a letter based on why you want this role and why you would be a good leader. During their time as Headteacher and Deputy they went around each class and wrote things down that were good about each year group to feedback to staff.

They spent time with Mr Moloney learning about the Headteacher's responsibilities. Both of our pupils really enjoyed their time as Headteacher and Deputy.
